

The Best of TCTM

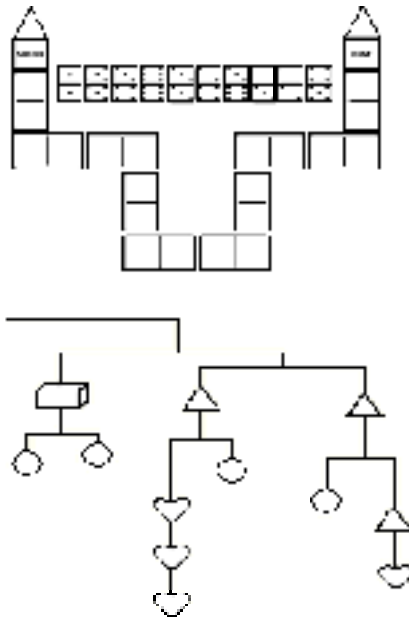

Volume 1

The Best of TCTM, Volume 1 has been put together to highlight many of the puzzles and activities that have been in the Tulsa Council of Teachers of Mathematics Newsletters over the first five years of publication. Everything was completed using Word or Excel from Office 97. We have put the entire book on CD so that you can edit these activities and /or create more for your individual classroom.

There are 135 pages of exceptional problems and activities for your classroom. Order your book today!

Only \$20 per copy plus \$3.50 S&H.
